

Cocksfoot

SF Oasis

soft cocksfoot

FEATURES	BENEFITS
Soft leaf cocksfoot	Improved animal acceptance
High forage yields	More feed available for livestock
Excellent feed quality	Outstanding animal performance
Improved disease resistance	Increased palatability by stock

Sowing rate

Clovers &
Herbs

10–15kg/ha

Australian release
> 2018

SF Oasis is a new soft leaf cocksfoot from the RAGT program that has produced SF Greenly and SF Lazuly. SF Oasis is slightly later flowering but maintains similar persistence to existing Seed Force cocksfoot varieties. It also has improved rust resistance over Greenly & Lazuly.

It has been selected after strong performance in Australian trials at Armidale and Warrnambool and is performing similarly in other long term trials still to be released.

Stock suitability

All livestock types
Silage & hay
